

# Q1: What is the Rental Count of Film Categories?

We can see that the Animation category is the most watched category according to the rental count.

This is the answer for question 1 in set 1.

Query: Query 1.

## Q2: How does the two stores compare in their count of rental orders during every month for all the years?

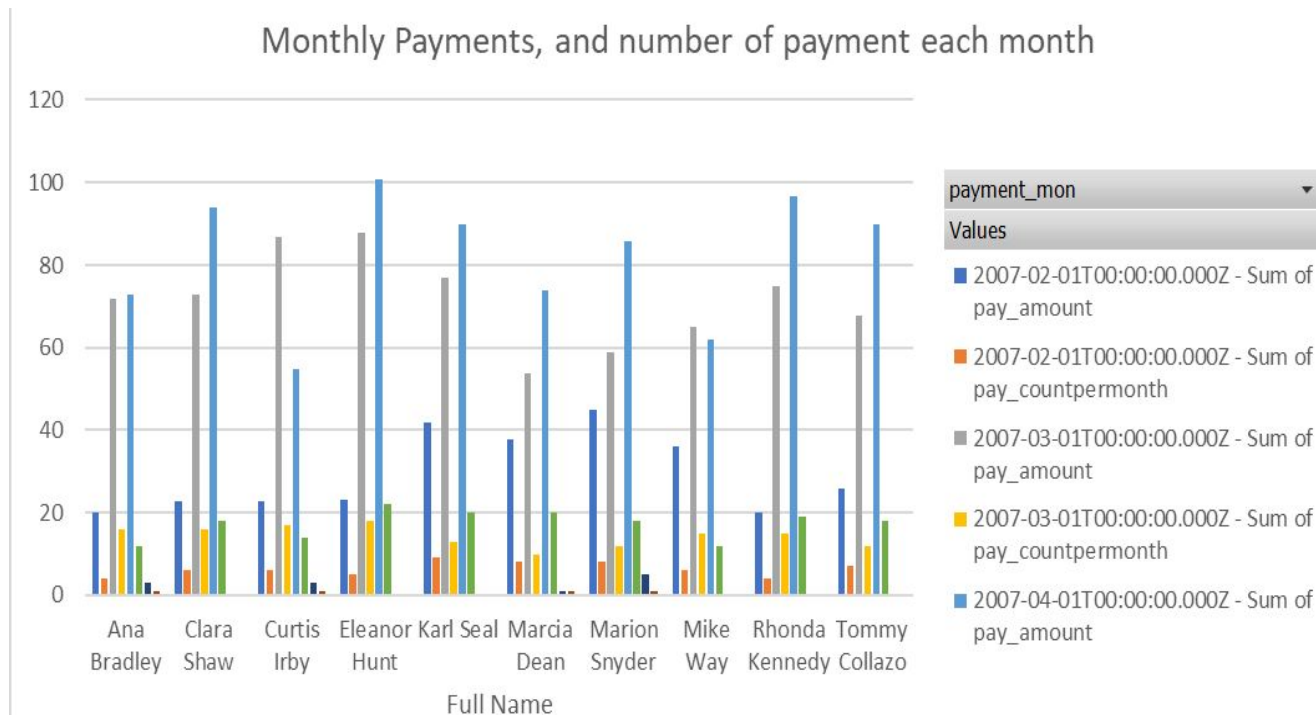

We can see the rental count for each store id, in each year and month, and we see that store with id 2, had the most rental counts in July, 2005.

This is the answer for question 1 in set 2.

Query: Query 2.

Q3: Who were our top 10 paying customers, how many payments they made on a monthly basis during 2007, and what was the amount of the monthly payments?

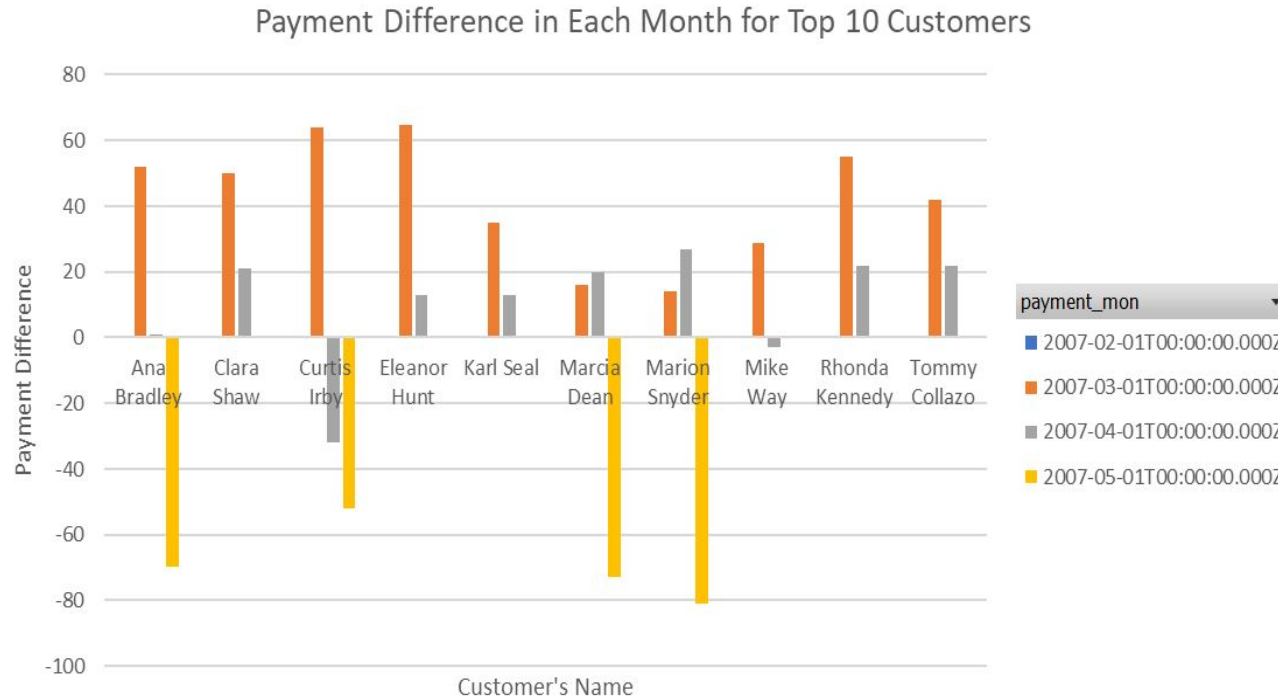

We can see the top 10 customers, their monthly payments, and how many payments they made on a monthly basis.

This is the answer for question 2 in set 2.

Query: Query 3.

Q4: For each of these top 10 paying customers, what is the difference across their monthly payments during 2007?

We can see the difference across the monthly payment for each top 10 customer, and we see that 'Eleanor Hunt' has the highest difference.

This is the answer for Q3 in set 2.

Query: Query 4.
